## TODAY'S NEWS

### A TIP ON TAPING

It was Will Rogers, we think, who said that a visitor should keep his visits short to keep from wearing out his welcome. A twenty minute visit, he suggested, is long enough to keep a friend interested -- to get him to look forward to your return.

How nice it is, he reflected, to have a friend think: "I wish that he could have stayed longer." How that differs from the thought: "Thank God he has finally gone" when the stay has been too long.

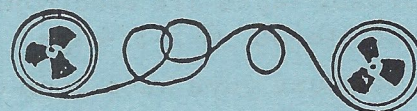

This should be considered in making a tape. The person who uses cassettes does not have to fill out a C-60 on both sides or a C-120 on both sides unless his message requires it. Certainly, there is no reason to talk part way through a tape, and then fill it out with music -- for the sender's taste in music is almost sure to be different from the receiver's. What is wrong with a long, long tape letter besides what Will Rogers pointed out about making visits too long?

Many who tape have busy schedules. They work all day. They have organizations, families, and friends who share their evening hours. For many of them, a C-60, C-90 or C-120 tape means that they have to use all of the time they can spare in two evenings to listen - much less answer. Often, those two evenings might have to be a week apart. Then a third evening is needed for answering. Certainly, those who have this kind of schedule cannot appreciate listening to music added to the message. If these tapers really want the music, they may ask for it.

As Will Rogers put it, it is best to leave them thinking, "I wish that he could have stayed longer".

Tape messages should be like a girl's skirt -- long enough to cover the subject, short enough to catch and keep your interest.

-- Tom Richards

## ANNOUNCING

## LATE NEWS

### ADDITIONS TO THE MUSIC LIBRARY.

Ed Stevens and I did some recording while waiting for the snow to melt, which resulted in five additions to the music library. Ed's contribution is a recording of some top tunes from the British Broadcasting Co. and some pipe organ music by George Wright. I taped some of the songs which Bing Crosby made popular from 1934 to 1950.

#366. B. B. C. Top Tunes by the Norrie Paramor Orchestra.

#367. Geo. Wright, Living Legend.

#368. Bing Sings, #1. 1934-1938.

#369. Bing Sings, #2. 1938-1943.

#370. Bing Sings, #3. 1943-1950.

The Crosby tapes are electronically simulated stereo, @ 3-3/4 ips.

Some of youse guys have been ordering tapes without listing two alternates for each tape ordered, which means that if the tape you want is out, you're going to have to wait for it.

# RADIO RAMBLIN'S by **DON BOYER** I.R.C. 1527

This month our old friend and club member Don Urbancic #1594 has donated an entire reel of contemporary radio shows from a trader in South Africa. What makes these shows rather interesting is that they are U.S.-type shows with a British accent. The reel contains a CARLING COUNTRY which is an American-style western sponsored by Carling Beer. Another is BEYOND MIDNIGHT with a frightening story of revenge "An Eye For An Eye". My favorite is a series THE AVENGER with John Stead and Emma Peale (my spelling may be off). Remember them on early TV? The show THE CREAKING DOOR is a very obvious take-off on THE INNER SANCTUM MYSTERIES and complete with their version of Raymond the wise-cracking and ghoulish host. The story is "Man In The Morgue" and I swear I've heard it before on our own old time radio so perhaps they borrow rather freely from our past. Even Australia's radio copies our shows with their own version of GUNSMOKE starring Matt Morgan, U.S. Marshall. To enjoy Don's South African reel please order reel T-79. By the way, Isn't it nice to know that radio, as we love it, is alive and well somewhere in this old World?

Newell R. Heacock #1596 of Dolton, Illinois donated a pair of charming reels AFLOAT WITH HENRY MORGAN a series of 52 shows from the 1930's. This Henry Morgan is, of course, the famous Pirate and not the radio personality of the 1940's. These reels are T-80 and T-81.

Dennis Peoples, one of the Clubs many LUM AND ABNER nuts has an up-date for those with his L & A Log. 1. #306 should read, "Mousie drops a damaging note in front of Sister Simpson's house", 2. #334 should read

"Goldmining", 3. after #704 add #704B "The It-Takes-money-to-make-money storey", 4. #704C "Phinus needs help with a checker game", 5. After #721 add #721B "Lum and Abner discuss up-coming trial". Logs are available for \$3.25 from Dennis Peoples. See page D-32.

Speaking of Dennis, he will trade very, very generously with anyone who might have some LUM AND ABNER shows that he doesn't have. Send your list or catalog to him.

The same Dennis Peoples #1634 and I have donated twelve reels to the Old Time Radio Library. They are T-82 Misc. Detective Series with a BOGEY'S THEATER "Dead Man", T-83 Adventure with THE SCARLET QUEEN and a couple rare BRIGHT STAR shows. L-84 Patriotic and Musical has a show THE MEN BEHIND THE GUN with a great show "Submarine Story" and two of the musical shows feature The Andrews Sisters. L-85 Comedy has my favorite THE ALDRICH FAMILY show "Stolen Bicycles" and one of my favorites EASY ACES. L-86 Adventure has an AVENGER "The Tunnel of Disaster" and a good THE SAINT "The Bakery". T-87 is the first 32 Chapters of PEPPER YOUNG'S FAMILY. T-88 has three BOLD VENTURE shows. L-89 is a 1200' reel with Fibber and Molly, THE SHADOW, and LUX RADIO THEATRE "It Happened One Night" a comedy with Clark Gable and Claudette Colbert. T-90 is all THE BIG SHOW which was Radio's last ditch effort against television. T-91 is episodes 1 through 24 of SPEED GIBSON OF THE INTERNATIONAL POLICE. T-92 is all Fibber McGee & Molly. Finally, L-93 is another 1200' reel with a pot-pourri of things from Baby Snooks to JACK ARMSTRONG, THE ALL AMERICAN BOY.

I had no idea how much work was involved when I took over the job as Librarian, but thanks to the great people in the club we're acquiring lots of reels and the job is becoming easier. My only gripe is the over-taping of the mailers. Many have been ruined by excessive over-taping. Please help me. Until next time....same time, same station.

Indiana Recording Club  
Letters to the Editor

Gentlemen:

Winter time is upon us, can't get out too much, so it's a good time to write an article for the tape squeal.

I was a member of the Voicespondent Club for nine years. I learned in the begining if we don't make an effort to make contacts we won't recieve many tapes.

As my main interests is collecting Dixieland music, I selected a man in Pennsylvania (listed in The Voicespondent Club) wrote him a letter stating I would like to exchange a couple of tapes if he was so minded. He answered with the statement, this is a hobby club and we call it 'Sharing'; not exchanging. I sent out many cards and letters and it's safe to say I recieved answers to 80% of my letters.

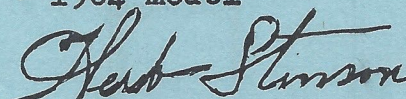

In April 1978 I was offerd membership in I.R.C. which I excepted by return mail, and I'm pleased to say I am enjoying the music and 'gab' of four new members

Now, what puzzles me is why people spend their money to join a tape club and then sit on their 'Duf' and wait for someone else to make the first contact. To those I say, a 10 cent post card could put your recorder to work instead of sitting on the shelf gathering dust.

I like the I.R.C., especially the listing of birth dates in the directory. It's a fine club...keep up the good work.

Sincerely,

Herb Stinson,  
'1904 model'

## LAST MONTHS MEETING

The February IRC meeting was almost a repeat of the January meeting as far as the weather was concerned. Lots of snow and ice. Despite the very bad driving conditions we had a very nice turnout for our meeting. IRC member #1888 Bob Blome put on his tape slide show about his favorite interest ( other than taping ) railroading. Not model or miniature but the real thing. A very interesting show, well worth the slipping and sliding it took to get there and back. Thanks Bob for a very delightful Sunday afternoon.

## YOU THOUGHT REEL\*TO\*REEL WAS DEAD?

Not so! Read CONSUMER REPORTS for February has a very complete resume on the latest. (Check your library, if you missed it.) It's easier to compare the various features, then check your catalog. One model sells for \$2,000\*+ on the West Coast! And, look at the weights for these "portables"!
